

GENTERA announces short term debt issuance in its Peruvian subsidiary, Compartamos Financiera

Mexico City, Mexico, August 28, 2020– Gentera, S.A.B. de C.V. (GENTERA) (BMV: GENTERA*) informs that its subsidiary, Compartamos Financiera, which operates in Peru, successfully placed the amount of 80 million soles, through the public issuance of Certificates of Deposit in the local debt market.

The placement of this certificate was for a term of 1 year, with a rate of 2.63%, and had a 3.2 times demand, equivalent to 259.25 million soles (approximately \$ 1,580 million Mexican pesos). This is the most successful issuance by Compartamos Financiera in terms of the amount demanded and the rate achieved.

Compartamos Financiera, serves more than 702 thousand clients, through its 108 service offices, and is present in 19 departments of Peru, where 95% of the population lives. Through this action, Compartamos Financiera strengthens its solid financial position in order to continue providing financial services to its clients, who today need to reactivate their economy and those of their communities.

Note on Forward-Looking Statements

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, Company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the Company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
